Country Club of the Everglades Southern Division

Local golfers played their first fall game in the Palm Beach County Tournament at Dwyer Beach Monday.

The girls were not in tip-top shape, not getting any practice in a month or so but they were all good sports and had fun.

West Palm Beach beat Lake Worth 27½ to 6½ while Delray topped Belle Glade 25 to 11.

The following are scores of teams: Cecil Chase DB 14½; Kai Wicks DB 1½; Gladys Senior DB 2 vs. Edith Van Lindingham 1½; best ball DB 1, BG 2.

Mac Byrd DB, 3 vs. Ripley Weeks, BG, 0; Betty Dobry, DB, 1 vs. Helen McCabe, BG, 2; best ball DB 2, BG 1.

Mary Sharpe, DB, 3 vs. Pete Kirkham, BG, 0; Dorothy Adams, DB, 1 vs. Zella Belter, BG, 2; best ball, DB 1, BG 2.

Pat Rose, DB, 3 vs. Julia McWhorter, BG, 0; Jo Roberts, DB, 3 vs. Ruth Ziemann, BG, 0; best ball DB 3, BG 0.

Good news for golfers, according to a report received from our pro, Joe Ziemann the local course will be playable Sunday if the weather permits.

Here's hoping! So get the rain and mellow off your clubs and shoes and get prepared. It's a grand game for young or old. Be seeing you.

The Ladies Golf Association will have Ladies Day beginning at 9:30 this morning and will meet every Friday. All members are asked to come out. The course should be playable but if not several holes can be played.

RAMS WILL MEET POMPANO TONIGHT

Pompano Bear Pickers will have an edge over the Golden Rams when they meet tonight on Memorial Field. Pompano has only one loss, to Ft. Pierce so far. The Rams have won two games and lost three. Ft. Pierce who plays Secret in the efforts to hold their 1-2 status in the race.

Belle Glade romped over Stuart in their last game and rested last week so they will probably give the Bear Pickers some stiff competition.

The FFA will have a dance following the game at the High School Auditorium, "Hot, Hog or Drag".

Co-Op Advantages Not Confined To Regular Members

A farmer's cooperative is not a closed corporation. Its facilities are available to non-members, and with these facilities, when used to mutual advantage naturally inherent with a cooperative organization.

The financial stability of group activities, the more efficient methods of operation, the mass production, and the feasibility of employing superior knowledge for volume producing and selling, together with the ability to supply wholesalers or users with year-round varieties, all make for economy and efficiency.

Under the charter provisions of Co-ops, inherited by the by-laws, a dividend is paid on all income to the Cooperative. This dividend is usually paid in cash at the end of the season.

The sales for brokerage are usually less than the prevailing rate because of the great volume handled, and in addition to this there is usually a saving over the charge actually made, owing to the ability of the sales force to handle the large volume.

When the year's operation is at an end, all savings are divided among the members and non-members strictly in accordance with the volume of produce put through by each farmer.

Ezra Taft Benson To Speak At State Horticulture Meet

Secretary of Agriculture Ezra T. Benson will make his first official appearance in Florida at Daytona Beach on November 3, as principal speaker at the opening session of the 66th meeting of the Florida State Horticultural Society.

Speaking at the opening session in addition to Secretary Benson, will be R. S. Edsall, Vice President, of the Society, and Dr. Donald Rose, President of the Society, who will respond in behalf of the delegates.

In addition to general sessions for all delegates, sessions for the five sections, Citrus, Vegetable, Processing, Ornamental and Krome Memorial — will be held.

Among those presenting latest developments in the vegetable section are Dr. W. T. Foster, Jr., Everglades Experiment Station, will present paper.

The first meeting of Postal Supervisors ever to be held in a small city will be slated for November 7, with Mrs. Rosa Nash, the lone supervisor in Belle Glade, as hostess. The dis-

tribution of U. S. 10's.

Commissioner Roy Michael asked postal supervisors to request the authority to provide a turnout for the Lake Worth-Lantana area but this brought objections from Foster. Foster said if the board backed one municipality then every one in the county would expect similar action and it would not be "feasible" to have that many turnouts.

The board instructed municipalities to make known their desires and objections to the road district to the state authority.

ber's research and industrial division. There were 6,171 farm mortgages recorded in the state last year by all lenders. While this total is slightly below 1951, the average size of last year's mortgages, \$4,925, is the highest on record. The national average was \$5,631.

In Florida, individuals loaned the most money to farmers, 38 percent of last year's total. Commercial banks loaned 17 percent; federal land banks 10 percent; insurance companies 9 percent; and 21 percent was secured from other types of lenders.

Mortgages of more than \$100,000 and transactions entered into prior to 1952 are not included in these figures.

All the other booths for your entertainment will be open as well as the food booths. The girls will be having their dinner at the tea room. The girls will serve a ham dinner with all the trimmings and other booths will have hotdogs, hamburgers, cake, pie, etc.

Don't forget the new attractions, "Battle Royal" sponsored by the new type of recreation — it must have been fun. It was not however, in line with modern ideas of physical education in the public school systems and suggested routine corrective measures.

There were three teachers who labored for years with a continual increase of enrollment each month until the peak of the season was reached with consequent adjustments in "books" as well as discipline. Many pupils came in for the first time to an school for that particular school year, and many came from other schools with a consequent adjustment necessary to the level of discipline insisted on in Osceola.

In 1951-52 season there were 102 enrolled the first month with a peak of 191, in 52-53 there were 128 the first month and 201 peak, with an average of 180 pupils.

There are six grades and six teachers.

There is no supporting organization for the school, such as PTA, nor does the local PTA assume any responsibility, for it has been busy trying to keep abreast of the demands of the elementary and high school in Belle Glade.

A PTA has been attempted several times with the same result—failure. This is due, according to Housing Director Emmett S. Roberts to the fact that most parents living in the Housing unit work irregular hours in the canning plant, packing houses and fields, and it is impracticable to find a meeting time agreeable to a majority of the members of the PTA.

In a comparatively small school, and parents being involved, as they are, in their working hours, it has been impractical so far to get enough parents to regular meetings. This was particularly true in the past when families came and left frequently during the school term.

We have repeatedly, said Mr. Roberts, "attempted to foster a PTA and have had the wholehearted support of a few parents and all the teachers all the time, to the extent of calling meetings before eight in the morning and as late as 10 o'clock at night to accommodate the hours convenient to the workers."

"I feel that there is a challenge to the County PTA organization and to the Glades at this school for some very thoughtful and considerate work in extension."

BORROWINGS OF FLORIDA FARMERS \$30,398,000
Florida farmers borrowed a total of \$30,398,000 last year on lands and buildings for general farm improvement and purchase of new lands.

These farm borrowings, as shown in recorded mortgage statistics, mark the continuing agricultural development of the state, the Florida State Chamber of Commerce pointed out recently.

The 1952 Florida total was 8 percent over 1951, up 40 percent from 1950 and virtually double the 1946 figure.

Various features of farm mortgages in Florida are brought out in this week's business review of the State Chamber of Commerce.

An Authoritative Report To Glades Growers

Our organization serves growers, whether they are non-members or members of our cooperative.

But it may not be generally known that the benefits of cooperative action enjoyed by non-members, as well as members, resulted in very substantial savings to these growers.

Financial stability, efficient methods, mass purchasing power, more than ample facilities, general "know how" from all angles, and a XXXX rating in the trade all combined to produce unusual returns all along the line for growers.

To begin with, a 6% cash dividend has been paid on investment each year.

On brokerage charges alone, as compared with customary rates, last season's savings exceeded \$50,000.00.

Add to the foregoing, processing savings to non-member and member growers and the knowledge that patronage automatically makes you a partner in, and part owner of, the finest facilities in the Glades.

Full information about our cooperative is available from members or at our offices.

AREA NEWS

The Glades Saddle Club is sponsoring the pony ride at the PTA Halloween Carnival this year. We'll have horses large and small and ponies for the children to ride. Special care has been used in selecting the gentlest horses we would find and there will be experienced horsemen on hand to lead the animals. In addition to pony rides other organizations will have booths and entertainment so let's make this Halloween bigger and better than ever before.

Get out your saddles and polish up your boots, folks, cause the Glades Saddle Club rides again. Its dry enough to resume arena practice and this coming Sunday, Nov. 1, we'll be meeting at the club arena on Schleicher's Ranch for a rip roaring bang up time of roping, riding and probably laughing for the boys have been out of practice for a long time. Cold drinks and hot dogs will be on sale if you're hungry. Due to shorter days now, the program will start at 3 p.m. Hope all of you can join in the fun! See you at the arena!

Almost forget to mention our regular meeting at the Live-stock market, Thursday night. Come out if you can.

JUNIOR C OF C ELECT BOB NEWMAN PRESIDENT

The organizational meeting of the Belle Glade Junior Chamber of Commerce was held at the Belle Glade High School Band room Thursday, October 22, at 8 p.m. The following officers were elected: President, Bob Newman, First Vice President, Frank Thibault, Second Vice President, C. L. Todd, Treasurer, Justin Rowland, Secretary, Eugene Ellis. Elected to serve as Directors were: Paul Lewellyn, Willis Warren, Bob Ellis, Paige Choate, and Dan Beardsley. Sam Crissman was appointed Publicity Chairman.

The Constitution and By-Laws were ratified and November 14, was selected as the evening of the Charter Presentation Banquet to be held at the Municipal Country Club.

Bob Newman announced that the membership committee had obtained applications and the

required dues from 53 members who will form the charter membership. He also introduced the following to the club: Nat. Dir. Chet Codd, 7th Div. V.P. John Buckley of Miami, and Bob Stevens, Herb Stevens, Ray Sells, Bob Katon of Ft. Lauderdale.

The Club is well underway and as its first project will participate in the PTA Halloween Carnival.

BOX SUPPER-DEUTCH AUCTION HELD BY LEGION-AUXILIARY

Commander J. B. Jones dispensed with all business at the last joint meeting and a really good time was had by all. Despite the small showing of some of the regular members the box supper was a huge success, financially and socially. A rollicking gang of good sports bid generously for the beautiful, fragrant, beautiful, boxes of food of delicious food prepared by the ladies of the Auxiliary. It proved to be a very good mixer and served to better acquaint the members with one another. Several requests

have been made that the Legion sponsor another box supper in the near future.

Commander Jones started the auctioning at 11:45. Tommy Parker, Art Parks, Morris Coleman and Billy Eggleston each taking a turn. Billy Eggleston could be rated with the experts by the way he cleverly called for and received the bids.

The Dutch Auctioned cake, made by Mrs. M. Rickman and the final bid was won by Woody Pierce; this brought a neat sixty dollars into the treasury of the Legion. Woody very generously divided the cake with those present.

KIRK APPOINTED CHAIRMAN OF ASSOCIATION HIGHWAY SAFETY COMMITTEE

Palm Beach County Sheriff John F. Kirk has been appointed chairman of the Florida Sheriffs Association's new Highway Safety Committee.

The nine-member committee, which was named by Sheriff Kirk, will be responsible for the development of a state-wide highway safety program. McCall said one of the first projects under this program will be a safety contest in which awards will be made to the three Florida counties showing the greatest improvement in rural fatal accident rates during 1953.

Other members of the committee in addition to Sheriff Kirk are Sheriff E. L. Kendrick, of Pensacola; J. L. Hobbs, of Sanford; S. D. Starr, of Orlando; P. D. Reddick, of Starke; L. B. O'Brien, of Vero Beach; R. B. Quinn, of Inverness; Pat Gordon, of Bartow; and Lloyd Holton, of Arcadia.

YOU NEED YOUR CHURCH YOUR CHURCH NEEDS YOU . . .

THE MEANING OF HALLOWEEN

By Father Petrie

The name Halloween is short for "All Hallows' Even," the night before the feast of All Saints. All Hallows was an old English name for All Saints. The feast of All Saints is celebrated next Sunday at the Church of St. John the Apostle.

The feast of All Saints honors the countless numbers of holy men and women known to

God alone. They far outnumber the saints of the church calendar.

On Monday, November 2, is observed the Commemoration of All Souls, the day of each year especially set aside for us to pray for those who have gone before.

ALL SAINTS DAY SUNDAY ST. JOHN'S THE APOSTLE

The feast of All Saints will be celebrated next Sunday at the Church of St. John the Apostle which meets at 9 A. M. in the Woman's Club Building.

On Wednesday night there will be a district meeting of the Episcopate of the area at Holy Trinity Church, West Palm Beach. It is expected that two delegates will attend from Belle Glade.

The meeting begins with a dinner in the Holy Trinity parish hall.

CHURCH DIRECTORY

AMBASSADOR WEEK IS ANNOUNCED BY WMS

The general meeting of WMS met last week at the First Baptist Church with the opening song, "Jesus Saves," followed by prayer. Mrs. Mills Byrum gave a talk on "Youth by the Ledger."

It was announced Mrs. William Thibault would give a study course at the next meeting in Nov. There will be a pot luck dinner which will include foods of different countries.

Nov. 1 thru 7 will be Ambassador Week.

Mrs. E. G. Davis gave an interesting account of her visit to the Baptist conference at Panama City. Mrs. Mills Byrum showed pictures taken at the church. Refreshments were served by the Gladys Smith circle.

CHURCHES OF CHRIST, SCIENTIST

"Assurance, that as human consciousness is spiritualized man is freed from sin and its results, will be given in the Christian Science services next Sunday. Subject of the Lesson—Sermon to the road is 'EVEN-ING PUNISHMENT'."

A verse from James (4:8) provides the Golden Text: "Draw nigh to God and he will draw nigh to you. Cleanse your hands, ye sinners; and purify your hearts, ye double minded."

"Selections from the Bible include the following from-Psalms (130:3,4): 'If thou, Lord, shouldst mark iniquities, O Lord, who shall stand? But there is forgiveness with thee' . . ."

Readings from Science and Health with Key to the Scriptures by Mary Baker Eddy in charge. "We acknowledge God's forgiveness of sin in the destruction of sin and the spiritual understanding that casts out evil as unreal. But the belief in sin is punished so long as the belief lasts."

REV. D. B. BRICKLEY CONTINUES REVIVAL

Rev. G. D. Prince, pastor of the Church of God announced that revival services which have been going on for the past two weeks have attracted a large number of people. Services are conducted each night at 7:30 and 9:30 p.m.

Readings from the Bible and the Christian Science service will continue for some time.

The Glades Singing Convention met at the church Sunday afternoon from 2 to 5 p.m. with approximately 125 persons attending.

The convention was held at the church in Pahokee, South Bay, Lake Harbor and Belle Glade.

METHODIST CIRCLES HOLD MEET TUESDAY

The Joy Circle held their regular meeting at the home of Mrs. E. O. Gangstad taking the devotion from the topic, "Authorizations and Commands of Jesus" during the week of prayer.

Mr. Clarence Kilder had charge of the study book, "Within These Borders."

Others present were: Mrs. Malcolm Besdole, Mrs. Clyde Doolittle, Mrs. Jack Rogers, Mrs. Milton Burry, Miss Sara Digs, Miss Margaret West, Mrs. Bill Burry, Mrs. Verna Borgs, Mrs. S. K. Smith, Jr., Mrs. Pence, Mrs. Herman Closter, Mrs. Urban Felsing, Visitation were Mrs. E. L. Holladay and Mrs. O. M. Gale, mother of Mrs. Burry.

Hostesses were Mrs. Burry and Mrs. Doolittle.

The Star Circle met at the home of Mrs. Ben Elder Tuesday night with Mrs. Bill Carter presiding.

Mrs. Frank Morris gave the 3rd and 4th chapters of the study book, "Within These Borders."

Mrs. Culley Collins gave the devotion.

Members reported helping Williams.

60 SECOND SERMONS

by Fred Deane

TEXT: "Worry is interest paid on trouble before it fails due."

At the State Fair, a woman with an extremely worried expression turned to his friend and said:

"John, I declare, if I ain't lost my pocketbook!"

"Did you look in all your pockets?" the friend asked.

"All but my left hip pocket," the man replied.

"Well, why don't you look in that one?"

"Cause," said the worried one, "if it ain't there, I'll drop some folks seem to prefer to worry. Rather than face facts they make themselves and their families miserable with their worries. Continual worry and unwillingness to face facts show a lack of faith in a basic religious precept that, 'All things work together for good to them that love God.' When worry and fear live in the heart and mind, form the habit of facing the facts that are before you today. Act on those facts alone, not on what may occur tomorrow or the next day. The greatest Teacher the world has known, advised, 'Sufficient unto the day is the evil thereof.' Do not pay the interest on trouble before it fails due."

Others members present were: Mrs. Dallas Nehls, Mrs. Robert Fleish, Mrs. Harold Riedel and Mrs. Frank Kruse. The next meeting will be at the home of Mrs. Riedel on Nov. 24.

WMU OFFICERS ELECTED AT ALL DAY CHURCH SESSION IN SOUTH BAY

Mrs. T. E. Wortham, president of the Palm Lake Association Women's Missionary Union, held her regular meeting at the home of Mrs. E. O. Gangstad.

The meeting was held on an all day session at the home of Mrs. E. O. Gangstad.

Officers were elected: President, Mrs. E. O. Gangstad; First Vice-president, Mrs. Frank Prevatt; Second Vice-president, Mrs. Alton Goodbread; Young People's Director, Mrs. John Cooper; Secretary, Mrs. H. C. Willis; Circle Chairmen, Mrs. D. Shiver and Mrs. W. M. Jeffries.

Announcement was made of the Methods Class to be taught in Fort Lauderdale on Nov. 4 and members urged to attend.

A covered dish luncheon was served during the noon intermission.

Those attending were Rev. and Mrs. John Cooper, Mrs. A. N. Lamoureux, Mrs. Linton Miller, Mrs. Alton Goodbread, Mrs. Floyd Wilder, Mrs. Minnie Hester, Mrs. E. J. Leathlean, Mrs. Luda Lockmiller, Mrs. Messer, Mrs. W. M. Jeffries, Mrs. H. C. Willis.

LESSON TOPIC—"What Is a Christian Home?"

SCRIPTURE LESSON—Ephesians 6:4-8, Ephesians 5:21-44

By Rev. Robert Ford

INTRODUCTION: We have been thinking in our lessons of a better world. Today we come to the most important part of the series. If our world is to be a better place, if it is to be comprised of better people, then it must begin in the home.

I. Religious Instruction in the Home—Ephesians 6:4-9

The home is the place that religious instruction can best be given. The Church in order to do an effective work must have the full cooperation of the home. Children learn and form attitudes of life in the home. The world is in dire need of Christian homes, and the instruction that the home is able to give.

II. The Christian Home—Ephesians 5:21-33

Here Paul gives us the ideal home, the home that will give the world the type people it needs today.

A. The Relations of Husbands and Wives—5:21-33

B. The Relations of Parents and Children—6:1-4

There are two ideas that run through this passage. One is "submitting yourselves one to another in the fear of the Lord," the other is "love as Christ loved the Church and gave himself for it."

Paul compares the Church and Christ as the relationship of husband and wife, thus giving marriage and family life a real meaning.

CONCLUSION: The world will be better only as we have Christian homes; the home is the institution that molds the nation. In a day when homes are crumbling, the world is looking for a way. The Christian home is the answer.

Too Late To Classify

By Russell Kay

I have been taken to task by a reader of the Orlando Sentinel who read my recent column dealing with the housing development of Florida Builders, Inc., of St. Petersburg, where several hundred modern homes are under construction. They are offered at from \$7,100 to \$7,400 with all modern facilities furnished including excellent drainage, sewers, modern, in every respect with built-in cabinets, tile bath, tile floors, aluminum windows, glass jalousies, ample closet and storage space, cross ventilation, central heating plant, stone and concrete walks and drive, carport and completely landscaped.

The gentleman, who signs his letter C.R.H., resides in St. Cloud and sends a picture of the attractive frame house he and his wife built for \$2,000; 16 x 20 with an 8 x 14 screened porch.

He writes: "Mr. Kay may be so financially well off that \$7,000 to him is a low price, but he has entirely overlooked the thousands of people now living on social security, small savings or pensions of other sorts who should also be considered and to whom a \$7,000 home is far from being a possibility."

"There are plenty of places in Florida where a \$7,000 house would be considered low priced and where much higher priced houses are the rule, and it is evident that Mr. Kay caters to that class of customers only."

"On the other hand he has overlooked, missed and deceived thousands of possible desirable citizens who could and would locate in any one of our small cities where land is plentiful and cheap and where a small house, with all the conveniences needed, could be bought or built for \$3,000 and up."

"I can and do speak from actual experience as my wife and I came to St. Cloud about four years ago, bought a lot and built a comfortable livable house, fully equipped with electric refrigeration, gas for cooking, oil heat and all the comforts needed at a cost of around \$2,000. Of course my wife and I did a great deal of the construction ourselves which is something that most anyone can do."

"We probably overlooked or failed to carry out some of the fine points of construction which are costly and not really necessary for comfort and safety. After all, most people come to Florida for a much different reason and purpose than to live in a fine house with its costly upkeep, responsibilities, cares and expenses."

"I hope that Mr. Kay will soon write an article showing that a fully efficient, comfortable and desirable low priced house really can be had for those desiring. This will show how thousands of waiting people just what, not only St. Cloud, many other desirable cities have to offer."

"Show them that Florida has something adequate, not only for the \$7,000 and up, but just as much and more for

those from \$7,000 down, that one will and do fill all requirements be they large or small and that those who are now here stand ready with a welcome for those who we hope will soon come."

The gentleman's point is well taken. Throughout Florida new-comers have provided themselves with homes that are comfortable and livable at much less than \$7,000. The experience of this enterprising St. Cloud couple is an excellent example. The little home means as much to them and meets their needs just as well as the modern preengineered job (supplied by Florida Builders, Inc.) does to others.

Tastes in homes differ just as they do in automobiles. Not everyone can drive a Cadillac or Packard and that's why we see jalopies put together with hairpins and chewing gum by folks with a mechanical bent who get as much if not more enjoyment out of their car than the fellow does who drives his King-sized 1954 model.

The joy of living in Florida would the man of small means who, as the gentleman from St. Cloud did, can buy or build a comfortable, dwelling place at a price he can afford. Florida will continue to grow and more homes will be built at from \$2,000 to \$100,000 depending on the taste and pocket-books of those who come here.

Campus Highlights:

We feel the importance of reminding our friends in the neighboring communities to join us in our assembly programs presented by the students. We consider our programs as an integral part of our curriculum which are very entertaining as well as being instructive and children are helped in moulding character and personality. On Friday, Oct. 30 the first grade "B" class under the sponsorship of Mrs. Beattie M. Murray will bring Halloween to us in the form of a very enjoyable playlet, "Traveling To The Halloween Party." You are invited to share this experience with us. The second month of school has really brought about a rapid change in our enrollment. Students are returning daily by leaps and bounds from various places and are back in class routine again. Despite the fact that a large number of students were away all activities have been carried on as planned for the term. Our bulletins both activity and art bulletin boards have been very attractive and

informative during each display. Our bulletins serve as a motivating and vitalizing influence. As a result they have proved to be very helpful.

VESPER SERVICE

Again, in a series of services the E. L. S. Chorus in another presentation under the direction of Mr. S. M. Murrell will appear on Nov. 1 in the assembly room. Beautiful songs and music will be provided. These services have been especially appealing to the public. This program promises to be very timely. Time of service 8:00 P. M.

Sports

Thursday night, October 22, the EVH "Bobcats" defeated Arcadia by the score of 12-0.

Clarence Brown and Mackie Rivers scored a touch down each to help defeat the Trojans from Arcadia. Rivers scored early in the opening minutes of the game and the EVH Bobcats led 6-0 at half-time. The score remained 6-0 until late in the third quarter. A sixty yard kick by Hoover Tolbert, the ball was picked up in the end zone by Arcadia, a hard tackle of the player by Clarence Brown resulted in a fumble which was recovered by C. Brown for an EVH touchdown. The game was the first played by EVH since the second of October.

Friday, October 27, the EVH "Bobcats" will play E. O. Douglas High of Sebring, Florida. Coach Bythwood, the students, the faculty, and our citizens will be looking for another victory. Help us to help a good cause. Please attend our games and give us your support.

Junior Class

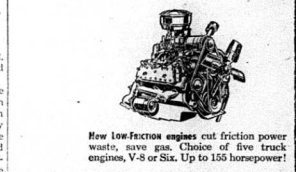

On Wednesday, October 21, 1953, the Junior Class of Everglades Vocational High School held its second assembly program for the 1953-54 school year.

The theme of the program was "Improving Personality" which was carried out in a commendable manner.

Other features of the program were a poem, "If" recited by Irma Burke and a musical selection by the Junior Class Ensemble. The class is sponsored by Miss Marion Orr.

WASHINGTON
NEWS LETTER

Federal assistance now has been made available to the portions of Florida hit hardest by the unusual heavy rains this fall.

President Eisenhower's response to the plea of urgency, which I made first two weeks ago from the waterlogged central Florida section, has been to declare 31 counties a "disaster area." This will authorize immediately an emergency livestock feed program and other aid.

Counties listed in the President's order are: Brevard, Broward, Charlotte, Citrus, Collier, Dade, Desoto, Glades, Hardee, Hendry, Hernando, Highlands, Hillsborough, Indian River, Lake, Lee, Manatee, Martin, Monroe, Okeechobee, Orange, Osceola, Palm Beach, Pasco, Pinellas, Polk, St. Lucie, Sarasota, Seminole, Sumter, Volusia.

Still another program of assistance is being offered by the Department of Agriculture. I talked to the Secretary of Agriculture and members of his staff last week in presenting my own view of the critical conditions which had been created in Florida by heavy rains and storms, and of the urgency of the need for help. It must be acknowledged, that the Secretary, who is somewhat politically embattled at this time, showed every concern for our situation at home and made clear a genuine desire to help.

One aspect of this program which appeals to me is that it is not a handout program. The Farmers Home Administration has a remarkable record of assistance to many deserving growers and cattlemen and the agency holds an equally amazing record of repayment on loans. Information of these performances prompts me to the thought that this type of program, in which the government helps those who have a firm determination to help themselves, is thorough by American.

Most taxpayers are aware that in January they will benefit from a ten percent tax reduction, giving them a modest increase in their take-home

pay. What is becoming an alarm situation is to be found in the pattern of price increases. Tax relief for the average breadwinner is going to be meaningless if a corresponding increase in the already almost intolerable cost of living continues.

The President of the United States, in my opinion, has a major responsibility for protecting the nation's economic security, just as he has to direct military preparedness so that we may repel any possible armed aggression on. It is to be hoped that the President will find some way to suggest to business, at the price-fixing level, that they have to forego their own tax cuts if they continue to raise prices. Along with individual income taxes, reductions also will come next year in corporation taxes and the Excess Profits tax will expire December 31. No segment of our economy is entitled to a "double slice" of the benefits from the revised tax program, especially when it is at the expense of equally deserving citizens.

(Our Telegram of the Week) World Series Postlude: "My Dear Senator many thanks for your wire of Sept. 30. Words fail to express our appreciation of the tremendous effort you put forth on our behalf in obtaining cable service for us in time for the first game of the world series. What looked like a hopeless task became a reality in no small measure due to the personal interest you took in this matter earning for you and your office the gratitude of the entire TV audience in the Tampa Bay area. Kindest personal regards and best wishes. George Robinson, General Manager WSUN-TV."

Columbus Pattern of Leadership: Discourse of Florida is part of the pattern of development and progress in the United States in the twentieth Century. Yet, the incalculable possibilities of this area in the

New World were found by Christopher Columbus 461 years ago. Columbus never reached Florida, but he paved the way for its development, and his courage, vision and energy opened to the common man a world of opportunity and freedom, gave new scope to human thought and speculation.

The pattern of Columbus statesmanship, diplomacy, and God-given genius was brought home the other day as with many of our Latin friends I joined in observance of Columbus Day at Tampa. It is a heart-warming, challenging experience and one which I welcomed and long will cherish. The Columbus statue, gift of Italy and symbolizing the ties which bind us together in the Americas, should provide a reminder of our opportunities, the demands of our times for patriotic leadership.

Most men of modern mould seem puny by comparison, but it is possible for each of us in a measure to emulate the virtues of Columbus. Our times, like his, require wise leaders and stalwart followers dedicated to a cause. Now, as never before, American citizenship demands the best that is in us all.

ANNUAL AUDIT OF CITY BOOKS NOW UNDERWAY

The South Bay City Council in regular session last week accepted the low bid of W. E. Keen, C.P.A. to audit the city and city waterworks books for the fiscal year ending September 30, 1953, and the audit is now in progress.

In recognition of the recommendations of the Grand Jury that all police and peace officers in city and county receive training in a county-wide program of police instruction, the city council instructed the clerk to make an investigation as to what is being worked out along these lines and report at the next session.

S. J. Fisher was reappointed director on the Board of Trustees of the Port Mayaca Association for the year ending Sept. 30, 1954.

A tentative list of bonds for various offenses and misdemeanors occurring within the city limits was presented for the consideration of the council. Action was postponed until the next session in order to give time for study of the various items.

Appointive positions including clerk, city attorney, fire chief, tax assessor, tax collector and foreman of public works will be made at the next session on November 3.

TWO HIGHWAY ACCIDENTS REPORTED BY PATROL

Trooper Charles M. McWilliams reports two highway accidents on Monday, one man injured in each accident.

Emil Langsfeld, age 64, 551 N. E. 71st St., Miami was hospitalized at the Belle Glade with his right leg fractured just above the ankle.

The accident occurred at 2:18 Monday afternoon on U. S. Highway No. 27 about four miles south of South Bay, Langsfeld, driving a Chevrolet Coupe, passed a Ford truck and cut in ahead too quick, losing control of his car which ran off the side of the road, back across the road to the other shoulder and throwing Langsfeld and his wife out of the car. Mrs. Langsfeld was fortunately not severely injured, suffering only minor abrasions.

The other accident reported was on U. S. 441 at 1:30 a.m., some 23½ miles north of Okeechobee. James D. Ellette of Miami struck the rear end of a tractor trailer truck loaded with pipe and fire, damaging the car to the extent of an estimated \$300. His brother, Alger Ellette of Augusta, Ga., suffered injuries, the extent of which was not immediately known, and was hospitalized at the Fort Pierce Hospital.

REV. ROBERT FORD TO SPEAK AT ANNUAL PTA CITIZENSHIP MEETING

The Annual Citizenship program will be the theme of next Monday night's PTA meeting at South Bay, according to an announcement by Mrs. Laura Willets, citizenship chairman.

Reverend Robert Ford, pas-

son of Belle Glade Presbyterian Church will present an interesting lecture on citizenship.

Devolutions will be given by Reverend John Cooper of South Bay Baptist Church and a short talk on "How Scouting Builds Better Citizens" by Scout Master Hector Oullette is scheduled.

All parents of children in school and PTA members are urged to attend this meeting.

What is a cold? What can we do to safeguard ourselves against Polio? Discuss the Heart? Can one detect Cancer? These and many more suggestions for topics are reaching the Free Medical Forum office, 808 Harvey Bldg., West Palm Beach.

The Forums are a part of the Public Relation Program of the County Medical Society and such meetings are designed to hear Health topics discussed by medical men. The public is the source of all topics and questions.

"We are gratified and not surprised at the early response to our request for suggestions of topics. Leading the list are Heart and Mental Health, but there are requests for Cancer, Arthritis, Diabetes, Colds and Polio. We want many more from which it will be selected. We are now anxiously awaiting their return," stated Dr. C. M. Harris, Chairman of the Forums.

November 15th is the deadline for selecting topics and the six selected will be announced immediately. It is not too late to send in selections to Miss Margaret F. Bolestein, Secretary of the Forums, 808 Harvey Building.

The Panels to discuss the selected topics and the Moderator will be named by Dr. Harris.
